CLIENT GUIDE

Hello!

Hey it's Francisco currently in Fullerton here in Southern California.
Lived in OC all my life but have traveled so much over the years.
I've been at this photo/video thing since high school which I
graduated back in '08 [what the heck]
but professionally about 12 years.

I have a fun-filled, yet professional background
in the fashion, music & documentary industries.

This mix helps with crafting this epic blend of
Photojournalistic yet **Cinematic Editorial** style.

My unique perspective when capturing a wedding day
is just super dope and you can't deny the vibes are immaculate.

My approach varies throughout the day,
from directing you with prompts that look epic
but don't feel awkward.

To sitting back observing the micro moments and
silently capture them candidly like a ninja
at several angles without you seeing me move.

I am fun to be around with. Every session with me
is guaranteed nonstop laughs.

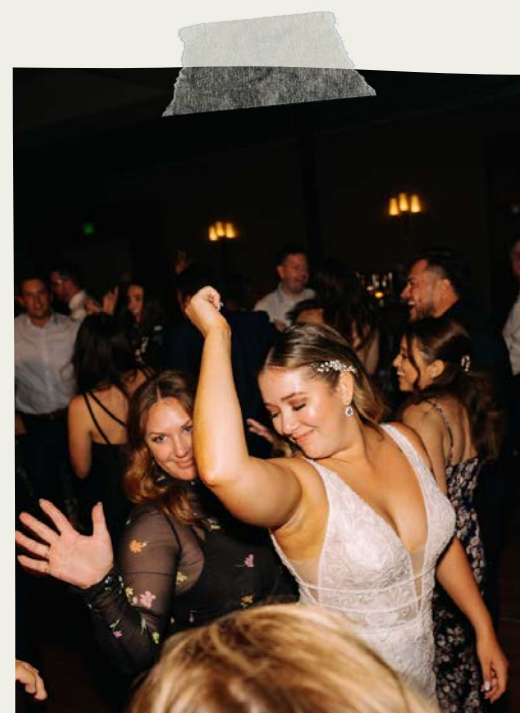

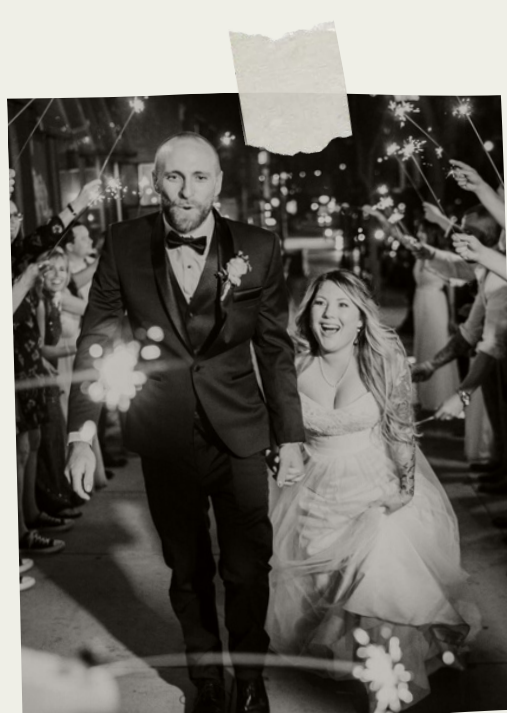

I am pretty confident that I've hit 10,000 hours
in photography and video since I shoot multiple times a week.

When I'm not capturing weddings and couples,
I'm usually hanging out with my wifey and my son, or I'm directing
music videos for international artists, or capturing expensive cars.

Lets hang! you won't regret it! .

with love, Francisco

LOCATION

The location is important. That will help to personalize your photo session. The location is important in terms of taking you back to the very beginning of your pure love when you first kissed. The location can be a hidden bench in a park you used to meet or modern studio or an urban location. Choose a place that makes you both feel relaxed, so you can be more focused on showing your emotions. Do you go for a picnic with a red and white plaid cover and a basket full of fruits and wine? So why not capture this lovely moment?

I'm more than happy to provide suggestions and guidance in choosing the perfect locations that align with your vision. I have a plethora of creative ideas to make your session truly extraordinary. Let's work together to create stunning imagery that tells the story of your love.

WEDDING

day tips

Getting everything ready and gathering all the details before the day starts can help the shooting to go smoothly. It will allow me to be more focused on capturing spontaneous moments. Some items you might need to put all together in advance: ring, flowers, shoes, socks, cufflinks, pictures, gifts, cultural items, invitations, and programs.

BRIDE PREP | *Bride getting ready*

Ideal time allotment: 60-90min

Ideal time of the day: Morning

Ideal location: Bedroom, Specially designed room, outdoor

I will photograph the details and the bride's morning look. Do not forget the dress, perfume, flowers, and accessories.

GROOM PREP: | *Groom getting ready*

Ideal time allotment: 30-60 min

Ideal time of the day: Morning

Ideal location: Room, outdoor

I will start photographing while the boys are getting ready. I focus more on the finishing stages of the men getting ready.

FREQUENTLY asked *questions*

How long does it take to get all the photos?

There is a two-month window to edit all the photos and send them to you. Sometimes this can be more or less depending on the season or if my couples book both photo and video. However, you will be informed about the timing in advance.

How many photographers will be there at the wedding?

The basic package comes with one photographer, although you can always ask for the second photographer for an additional cost.

How many photos can we expect from the wedding session?

You can expect about 750 edited, cropped and color-corrected photos. All photos belong to you.

Do you photograph a destination wedding?

Yes! I love traveling. Just make sure to communicate with me all the details and travel plans, and I will create a custom wedding collection to meet your needs.

Do you provide a wedding video service?

Yes. I am very proud of the team I have, the chemistry and flow we have together on a day is so great.

Who processes your film ?

I use the best film lab in OC called Rewind Film Lab, they have the best quality scans in the area.

How and when do we book the date?

A 50% non-refundable deposit is required to reserve your date on the calendar. For bookings, please contact me via mobile or email:
